Providing Affordable Infection Control

+ Engineered for patient comfort
+ 100% leak tested
+ Cuff Standardization Program
+ Reliability from the BP experts
For over twenty years, SunTech Medical® has focused solely on the development of blood pressure measurement technologies for the most challenging and complex clinical environments. As automated monitors have become routine for blood pressure measurement, it is important to remember that the cuff is the sensor. With this in mind, we have applied our expertise to engineer a new line of disposable blood pressure cuffs. These cuffs are designed with a tapered end to improve patient comfort and external and internal range indicators to ensure accuracy and proper fit. This unique approach makes SunTech Medical disposable cuffs the easy choice to meet your infection control requirements at an exceptional value.

**+ Features & Benefits**

- **Patient Comfort:**
  - Softer materials, tapered end and rounded edges provide a gentle cuff solution.

- **Economical:**
  - Priced to support single-patient use, particularly where infection control is a concern.

- **Ease of Use:**
  - Tapered end for easier cuff application. Color-coded for quick size selection. Interior & exterior range indicators ensure accurate cuff sizing and fit.

- **Patient Identification:**
  - Dedicated location for single patient identification. Minimizes cross-contamination.

- **Reliable Performance:**
  - 100% leak tested for trust, value, and reliability.

- **Regulatory Requirements:**
  - Engineered to meet AHA, AAMI-SP10, and MDD guidelines for results you can trust.

- **Durability:**
  - Value in a durable, single-piece design for multiple inflations.

- **Latex-Free:**
  - 100% latex-free materials promotes patient safety.

- **Cuff Standardization Program (CSP):**
  - Expertise in standardizing your facility to one BP cuff connector: one cuff, any patient, any monitor, any department.

**+ Description**

- **Ranges**
  - Neonatal 1: 3-6 cm
  - Neonatal 2: 4-8 cm
  - Neonatal 3: 6-11 cm
  - Neonatal 4: 7-13 cm
  - Neonatal 5: 8-15 cm
  - Infant: 8-13 cm
  - Child/Child Long: 12-19 cm
  - Small Adult/Small Adult Long: 17-25 cm
  - Adult/Adult Long: 23-33 cm
  - Large Adult/Large Adult Long: 31-40 cm
  - Thigh: 38-50 cm

- **Symbols**
  - **Index Line:**
    - Cuff index line must fall within range markings for an accurate measurement.
  - **Artery Symbol:**
    - Artery symbol and arrow should be placed over brachial or femoral artery.
  - **No Latex Symbol:**
    - Product contains no latex material.
  - **CE Mark:**
  - **Arm Circumference Symbol:**
    - Arm circumference
