Description:	Non-Invasive Blood Pressure device			
Intended Purpose:	Tango M2 is a non-invasive blood pressure monitor, with the optional capability to monitor oxygen saturation (SpO2),			
	for use in cardiac or exercise stress testing. It measures and displays a patient's systolic and diastolic blood pressure and,			
	with the SpO2 option, percent oxygen saturation of arterial blood. Use Tango M2 only with adult patients, while they			
	undergo a cardiac or exercise stress test under the supervision of a physician.

This declaration of conformity is issued under the sole responsibility of SunTech Medical Inc. The above system complies with Council Directive 93/42/EEC, with LVFS 2003:11 transposing European Medical Devices, amendments to Council Directive 93/42/EEC outlined in Directive 2007/47/EC, in accordance with Annex I (Essential Requirements), Annex II (EC Declaration of Conformity – Quality System Production), the WEEE Directive 2012/19/EU, the European ROHS Directive 2015/863, and the Radio Equipment (RED) Directive (2014/53/EU). This declaration is supported by the Quality System approval to ISO 13485 issued by Intertek. All supporting documentation is retained at the premises of the manufacturer.

I, the undersigned, declare on the basis of the above information that the system described above is in compliance with the requirements of the Medical Device Directive 93/42/EEC. This declaration hereby authorizes the CE Mark to be affixed to the above-mentioned product(s).
